

Examples of Metal remedies

Salt - Water Cures

Teacher one says, "Use a Metal object."

Teacher two says, "Use six Chinese coins with tied with ribbon."

Teacher three says, "Water in jar with rock salt, six copper coins and one silver coin."

Teacher four says, "Water in jar with rock salt, nine copper coins and four silver coins."

Teacher five says, "Use one liter of baking soda."

The students of these Masters should recognize them from these examples.

Most teachers recommend from 12 ounces to one liter or 32 ounce jars.

Most teachers differ in their methods regarding Metal remedies. However, They all claim to actually use Metal, but in different configurations.

I do not recommend metal office or rod iron furniture, and sculpture with sharp jagged edges as appropriate Metal remedies.
